#### WHAT THE PRESS AGENTS SAY

The Empire.

"I want my pound of flesh," but, oh, you Trixie. She has made a hit at the Empire and will continue to do so during the run of her engagement. While she can not sing as well as some of the serio-comics that appear in Honolulu on occasions she draws better. It is not what the public goes to hear, in this instance, but what it sees that puts money into the box office. What this particular attraction lacks in voice culture she makes up in weight and weight is her long suit. The Empire Twins are doing the best turn they have since their engagement at this theater. A suggestion would be to bring them on the stage at the same time sylvia-like Trixie is there. It would go all right.

The Park Theater.

The pictures at this open-air garden this week are educational, pathetic and some with a real vein of comedy running through. The selection has been well made as some of Pathe's are brought to the front. In the vaudeville section of the entertainment appear Banvard and Franklin, Stross and Marina in an act which, while not strictly new, brings tears of laughter to the eyes of all who watch the antics of the actors. Stross, after doing his turn with the cornet, giving among other beautiful selections "My Old Kentucky Home," is seen as a real actor man doing his part of a comedy sketch. The Park is a delightful place at which to spend the warm nights. The Cunha orchestra furnishes good music throughout the evening.

The Novelty.

Wise and Milton are "it" at The Novelty in the matter of making people laugh until their sides ache. They have done a whole lot to drive blues from the souls of those who are up against it. They make a fellow forget trouble and think only of the pleasures of life and Clarence Tisdale, the sweet-voiced tenor, puts the polish on the show. The pictures and the vaudeville at this theater combine to cool the atmosphere and make life pleasant. It is a good show and should be seen by everybody who enjoys a laugh.

#### LOCAL CHINESE

#### ASK FOR FUND

The Imperial Government Will Be Asked to Educate Youths.

As a direct result of the visit in Honolulu yesterday of Judge Anthony Ahlo, or Li-Fang, as he is officially known as a member of the Supreme Court of Justice at Peking, the Chinese imperial government will be asked by him to consider the request of local Chinese that a part of the great Boxer indemnity fund turned back to China by the United States be used to give a higher education to Chinese youths born in Hawaii, so that they may assist in modernizing the empire.

Judge Ahlo is a Hawaiian-Chinese, educated at Iolani College, Oahu College and at Cambridge, England, and has risen to one of the highest positions in the judiciary department of the empire. At a dinner tendered him yesterday at the Chinese hotel in Smith street by his Honolulu friends, many of them his schoolboy chums, his rapid rise to power was the subject of discussion. Judge Ahlo was asked to make an address, which he attempted in Chinese, but had to resort to English, as the Chinese he once spoke in Honolulu has gone from him, owing to his having spoken the dialect of Peking for so many years. His address was interpreted into Chinese by Chang Chau. He said he was glad to meet so many of his friends, and from that he touched upon opportunities in China. He said the empire needed lots of young men to help bring the nation to modern strength, to put it on a parity with other nations, and progressive young men could succeed there.

In direct response, Chang Chau asked Judge Ahlo to seek the support of the imperial government for the higher education of Hawaiian-born Chinese boys out of the Boxer indemnity fund. Judge Ahlo acknowledged the request and will carry it to the throne, asking that Hawaiian-Chinese be placed on an equality with the students of China.

#### SIMPLE LIFE MADE SEVERE BY CAPUCHINS

NEW YORK, August 29.—Members of the Capuchin Order of Monks in this city have been stirred considerably by a report which has reached here from Vienna to the effect that an order recently issued by the head of the order in Rome compels a return to the severe rules of life that were abandoned years ago before many of those now living had taken their vows.

Father Sebastian, assistant pastor of the Church of St. John the Baptist, in West 20th street, which is conducted by Capuchin Fathers, said today that the order, if it had been issued, had not yet reached here, and he doubted the report very much. He said the rules under which the brethren have been living have not changed for many years and that he thought they would not be for some time to come.

"According to the report from Vienna," he said, "the new order directs that the monks must never wear a hat. They don't wear any now. It also states that they must wear only a coarse woolen garment, with no underclothing. They wear such a garment now, but I do not think there will be any ban placed on underclothing. It is further stated that they must not trim their beards. This is not done now, and their food also is of the simplest. I do not think that they will be asked to sleep on narrow boards on which may be spread only a thin blanket."

#### CAESARIAN OPERATION.

Yesterday afternoon there was a Caesarian operation performed in Queen's Hospital on Mrs. Hopli Kolo by Dr. George F. Straub with the assistance of Doctor Hobdy. The operation was in every respect a great success, mother and baby doing well. This is the second time that Doctor Straub has performed this operation successfully in these Islands and these are the only times that it has been performed.
